

Republic Pressure Pump DRT-3100

REPUBLIC
Vacuum Pumps®

Republic offers the DRT-3100 dry running rotary vane pressure pump with integral suction air filter. Sound cover reduces noise level, enhances cooling and protects operator from touching hot surfaces. Flexible connections possible, low pulsation, easy to operate, maintain and install.

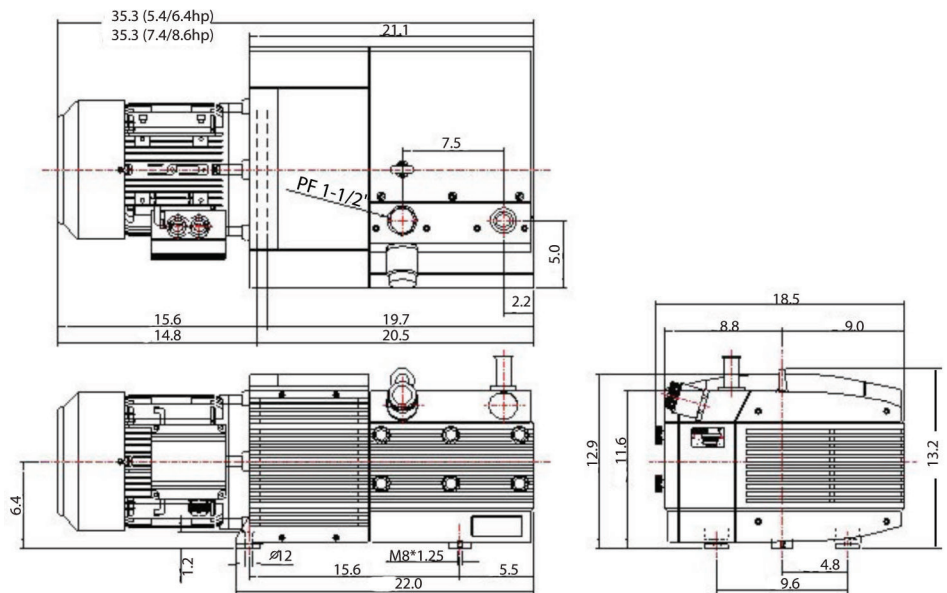

Advantages

- ▲ Absolutely oil-free
- ▲ Free moving vanes
- ▲ Lower initial cost
- ▲ Higher pressure capabilities

Product Options

- ▲ Air filter (recommended)
- ▲ Pressure regulating valve
- ▲ Non-return valve
